

The World's Most Advanced Multi-Screen Solutions

# X-Wall Video Wall

*Begin or grow from 2-64 screens*

An investment in 9X Media's Video Walls is an investment in the future of visualization.

9X Media's uniquely flexible patent-pending X-Wall video walls are the world's first 100% modular large-scale multi-screen systems. The X-Wall is designed for the real and expanding requirements for large scale visualization and presentation systems that display extreme resolution images.

Upgradeable  
Scalable Architecture

Easy to Install - customize

Screen sizes: 15" to 40"

Customized mounting options

Turnkey computer solutions available

**X-Wall Multi-Screen LCD Video Walls Include Customized Solutions to Spec:** The X-Wall is ideal for demanding visualization such as retail, corporate presentations, boardrooms, conference rooms, systems monitoring, NOCs and research.

**Computers and Servers are optional and are customized to meet the customers individual needs and applications.**

We can provide a total video wall solution that includes high performance servers, computers, video cards, and software in addition to the X-Wall Video Wall System.

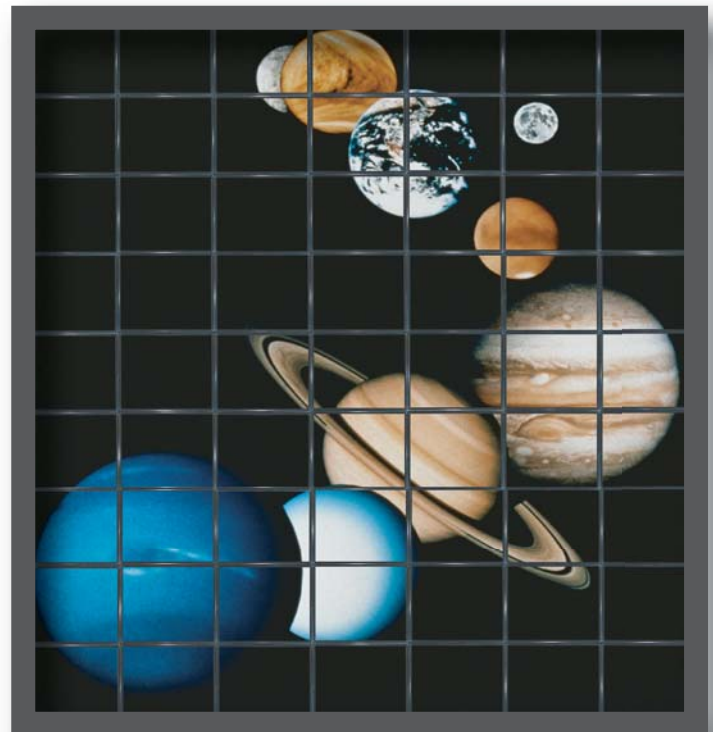

**Two-to-64 LCD configurations** - the scalable architecture allows up to 64 panels of any size and in any configuration.

Begin with the video wall you need today and grow into the video wall you'll need in the future.

**Available in all screen sizes** - 9X Media is a world leader in high-end LCDs. We utilize the same SlimLine LCD displays used in our X-Top series, thus providing ultimate in long-term flexibility, compatibility and scalability. SlimLine screens range from 15" to 52"

**9X Multi-Screen Manager is included with all X-Walls.**

This software utility allows for more intuitive multi-screen use in addition to enabling capabilities such as mirroring.

**All 9X Media Multi-Screens are customizable, upgradeable and interchangeable ensuring each user has the system which best fits their needs today and tomorrow.**
